# ABOUT MOON-APE

## The World's 1st ICO Platform That Offers AI Signals

Moon-Ape is the world's first ICO platform to offer AI signals, **revolutionizing cryptocurrency investing**. Using advanced AI technology, Moon-Ape generates highly accurate signals based on user-provided text prompts, market-name, achieving an impressive 87.5% hit rate.

At the core of Moon-Ape's platform is its AI-powered signal generator. By analyzing **extensive signals datasets and real-time crypto news**, Moon-Ape's cutting-edge AI algorithms create contextually relevant and up-to-date signals. This empowers investors to make informed decisions based on reliable market trends.

To access the AI-driven signals, users simply provide text prompts describing their investment preferences. This user-friendly interface makes it easy for both experienced traders and newcomers to leverage the **power of AI signals**.

Additionally, Moon-Ape introduces its native cryptocurrency, \$Moon-Ape tokens, which can be used to purchase credits on the platform. This seamless integration of blockchain technology and cryptocurrencies ensures a secure and convenient way to access the AI-generated signals.

# THE MOON APE PLATFORM

## Join Future Of Algorithmic Crypto And Forex Trading Strategies

The Moon-Ape platform is not only focused on providing AI-driven signals but also offers an ecosystem that incentivizes user engagement and promotes platform stability. Users have the unique opportunity to stake Euro, USD, or ETH in \$Moon-Ape tokens, which allows them to earn daily credit rewards and gain access to exclusive platform features.

Staking is a crucial aspect of the Moon-Ape ecosystem as it encourages long-term engagement and enhances the overall stability of the platform. By **staking their assets, users actively contribute to the liquidity and security of the system**, ensuring a robust and reliable experience for all participants.

Furthermore, Moon-Ape goes beyond traditional staking options by introducing a fixed saving plan specifically tailored to popular cryptocurrencies like **BTC, ETH, LTC, and BCH**. By staking these cryptocurrencies as **\$Moon-Ape tokens**, users can earn an attractive **12%** interest rate per annum. This provides a compelling incentive for investors to participate in the Moon-Ape ecosystem and maximize their earning potential.

The fixed saving plan offers a secure and transparent way for users to grow their crypto holdings while taking advantage of the platform's native token. This innovative approach combines the benefits of staking, interest-bearing accounts, and the utility of \$Moon-Ape tokens, creating a comprehensive ecosystem that rewards active participation and fosters long-term financial growth.

# MOON-APE TOKEN

The **Moon-Ape token** takes your crypto trading experience to new heights. With its innovative features and powerful benefits, this native cryptocurrency is designed to enhance your trading journey.

Through the Moon-Ape platform, users can access a comprehensive trading view that provides real-time insights, charts, and analysis for a wide range of **cryptocurrencies**. Whether you're a seasoned trader or a newcomer to the crypto world, the trading view powered by Moon-Ape offers a user-friendly interface and a wealth of information to make informed trading decisions.

The **image below showcases** a glimpse of the **dynamic trading view available** on the Moon-Ape platform, providing a visual representation of market trends, price movements, and trading indicators.

With the **Moon-Ape token**, you not only gain access to this advanced trading view but also unlock additional benefits. Token holders can leverage the Moon-Ape token to access AI-driven signals, enabling them to stay ahead of the curve with reliable **market insights**. Additionally, token holders can participate in staking programs, earning daily credit rewards and contributing to the platform's liquidity and stability.

**Don't miss out on the opportunities presented by the Moon-Ape token. Join us and revolutionize your crypto trading experience with our powerful trading view and a range of exclusive benefits.**

# MOON-APE TOKENOMICS

## **Liquidity Pool - 12.5%:**

To ensure the liquidity and tradability of the Moon-Ape token, **12.5%** of the total token supply will be dedicated to liquidity provision and exchange listings. This allocation guarantees that the token remains easily accessible and can be traded efficiently on various platforms.

## **Marketing & Buyback - 12.5%:**

To fuel the growth and visibility of the Moon-Ape platform, **12.5%** of the tokens will be allocated for marketing efforts and potential buyback programs. These resources will be utilized to promote the platform, attract new users, and increase market awareness of the Moon-Ape ecosystem.

## **Community Rewards Programs - 12.5%:**

The Moon-Ape team recognizes the importance of community engagement and participation. To incentivize users and foster an active community, **12.5%** of the tokens will be dedicated to community rewards programs. These programs will reward users for their contributions, including activities such as creating and voting on memes, staking Moon-Ape tokens, and actively supporting the platform's growth.

## **Presale - 50%:**

During the presale event, **50%** of the Moon-Ape tokens will be available for sale. The proceeds from this sale will be used to fund the project's development and marketing efforts. The presale presents an opportunity for early supporters and investors to contribute to the success of the Moon-Ape platform.

## **Company Vesting - 25%:**

A total of 25% of the Moon-Ape tokens will be allocated to the company, with a vesting period of 10 years. This long-term vesting schedule demonstrates the team's commitment to the project's long-term success. It ensures that the team members are aligned with the project's vision and motivates them to work towards achieving the platform's goals over an extended period.

## WHY CHOOSE US?

Each transaction will be equipped with a unique key that ensures the **ecosystem's security**.

# Peer to Peer Exchanges

### Protection

Personal, sensitive user data is protected at all times.

### Transparency

The public chain over proof of stake allows users to see transparently when and from whom their personal data was requested from the non-public side chain.

### Verified

Institutions can be tagged as verified and will only have access to the just the specific personal data they need - not more.

### Control

Users have complete sovereignty over their data. Institutions can be verified to access information but the access is only granted if the user has approved the data as read-only. This enables unprecedented levels of control over own data.

# STAKING AND REWARDS

To bolster the stability and security of the Moon-Ape platform, a percentage of Moon-Ape tokens can be staked by users. By staking tokens, participants actively contribute to the network's consensus algorithm, reinforcing its integrity and reducing token circulation. Stakers are typically rewarded with a percentage of the total staked tokens, incentivizing long-term engagement and commitment to the platform.

## Incentivizing Active Participation

In recognition of their contribution, users who stake their Moon-Ape tokens are eligible to receive a percentage of daily credit rewards. **The reward distribution is proportional to the amount of tokens staked**, ensuring fair compensation for participants. By offering a percentage-based reward system, Moon-Ape motivates users to actively participate in the platform, maximizing their returns based on their staked token holdings.

## Safeguarding Staked Assets

**Moon-Ape's staking and reward distribution processes** are secured through smart contracts. These contracts enforce the predetermined percentages for staking and reward distribution, providing participants with a transparent and tamper-proof system. By leveraging the power of blockchain technology, Moon-Ape ensures that staked assets are protected, and rewards are distributed accurately, without the need for intermediaries.

The staking and reward system implemented by Moon-Ape offers participants a percentage-based mechanism to **maximize their returns**. By staking a certain percentage of tokens, users contribute to platform stability, while earning a percentage-based reward on their staked amount.

**The utilization of secure smart contracts guarantees the integrity and transparency of the staking and reward processes, fostering a trustworthy and rewarding environment within the Moon-Ape ecosystem.**

# LEGAL DISCLAIMER

It is important that you carefully read this legal disclaimer section. If you have any doubts, seek legal, financial, tax, or other competent law professionals' guidance. All of the information shown here is not intended to be exhaustive, and it should never be construed as part of any formal agreement.

We are confident that the material in this white paper is correct and current, and that all products, services, technical architecture, token distribution, and corporate schedules are correct and current.

## **No Advice:**

Nobody is obligated by this white paper to sign a contract or make a legally enforceable commitment to donate. There is no advice in this white paper, and it cannot be used to sell or solicit Trillions' purchase of our token, nor can it be used to construct a contract or make an investment decision.

## **Limitation of liability**

For any loss or harm originating from the use of this website's material, including written material, links to third-party sites, and data such as quotes and charts as well as buy/sell signals. **Moon Ape** will not be held responsible for any damages. Understand the risks and costs associated with trading assets on the financial market (digital or otherwise). ICOs, in particular, are one of the riskiest investment choices available to investors. Chances are you'll lose everything you've invested.

## **Investment risks:**

Because of the high level of risk, cryptocurrency trading is unsuitable for all investors. Before trading cryptocurrencies, tokens, or any other digital asset, you should carefully examine your investment goals, level of experience, and risk appetite.
